A Hope Center first opened its doors in 1985. Blackhawk Ministries has supported this ministry since that time. Catering to women and men experiencing unplanned pregnancy, services are geared to provide hope, help, and healing in difficult circumstances. **This ministry's effectiveness is punctuated by personal relationships between clients and volunteers which are rooted in the volunteer's personal relationship with Christ.** The focused loving attention given to clients sets A Hope Center apart as a special place of caring in our city.
